

OUTREACH NOTICE

Heritage Program

Humboldt-Toiyabe National Forest

Carson Ranger District

The Humboldt-Toiyabe National Forest will be seeking diverse and high quality candidates to fill two temporary seasonal positions in the Heritage Program. The duty location will be Carson City, Nevada. Bunkhouse facilities are available. These positions will generally start in May and last to the end of September. The ability to work for the duration of these dates can be a selective factor. The position requires hiking in difficult terrain and in all weather conditions.

POSITIONS

Archaeological Technician

Position: GS-0102-7

This is a field crew leader position for large scale forest management projects (e.g., fuels reduction, trail building, wildlife habitat improvements, etc.) in areas with high archaeological site density. The individual selected for this position must be proficient in archaeological inventory and documenting historic (i.e., logging roads, habitation flats, can dumps, and arborglyphs) and prehistoric resources (i.e., lithic scatters, bedrock mortars, habitation features, and petroglyphs). Duties also include managing all data collected throughout the field season (e.g., digital images, shapefiles, site records, isolated finds, field notes, etc.). Experience with Trimble GPS units and GIS are critical. Good communication with crew members and supervisor will be essential.
